

Exegesis — App Feature Overview

For: Client Demo **Platform:** iOS & Android

What is Exegesis?

A Bible study app where users can read Scripture in 8 translations, highlight verses, take notes, journal their thoughts, follow reading plans, listen to audio, and receive a daily verse — all in one place.

Completed Features

Bible Reader

- Full Old & New Testament
- 8 translations: KJV, BBE, ASV, YLT, Darby, WEB, Webster, BSB
- Book/Chapter selector to jump anywhere
- Tap verses to highlight in 6 colors
- Add personal notes on any verse
- Bookmark favorite verses
- Auto-track read history
- Full-text search across all verses
- Share verses via WhatsApp, SMS, social media (includes "via Exegesis" branding)

Daily Features

- Verse of the Day on the home screen — fresh every day
- Daily Devotional tied to the verse
- Push notification reminders for the daily verse

17 Reading Plans

- Structured plans (e.g., 30-day, 90-day)
- Tap to read today's assigned passages
- Visual progress tracker (circle)
- Push notification reminders
- Quiz questions for each day's reading
- Reflection prompts for each day

Journal

- Write personal journal entries
- Browse all entries in a timeline
- Admin-created prompts to guide writing
- Admin-created templates for structured entries

Audio (Text-to-Speech)

- Listen to any passage read aloud
- Adjust speed, pitch, and voice
- Persistent audio bar stays visible while browsing

Multi-Language

- 20+ languages: English, Arabic, Bengali, German, Greek, Spanish, Filipino, French, Gujarati, Hindi, Italian, Kannada, Malayalam, Marathi, Nepali, Punjabi, Portuguese, Russian, Swahili, Tamil, Telugu, Urdu
- Right-to-left support for Arabic, Urdu

Profile & Settings

- Edit name, email, profile photo
- Extended profile (ministry service, spiritual gifts, emergency contact)
- Adjust font size
- Dark mode toggle
- Notification preferences (daily verse time, plan reminders)
- Voice settings (TTS speed, pitch, voice)
- Guest mode banner (reminds guests to create an account)
